Salesforce has announced the addition of IoT Insights to Field Service Lightning. The new tool permits signals from IoT devices to show up directly on Salesforce Service Cloud and Field Service Lightning mobile app consoles, alongside CRM data.

E-Commerce Times: E-Business Means Business

E-commerce is the activity of buying or selling of products on online services or over the Internet. Electronic commerce draws on technologies such as mobile commerce, electronic funds transfer, supply chain management, Internet marketing, online transaction processing, electronic data interchange (EDI), inventory management systems, and automated data collection systems.

E-commerce - Wikipedia

What is e-commerce? [Electronic commerce or e-commerce refers to a wide range of online business activities for products and services. [] It also pertains to "any form of business transaction in which the parties interact electronically rather than by physical exchanges or direct physical contact." [] E-commerce is usually associated with buying and selling over the Internet, or conducting ...

Intellectual Property and E-commerce

ECommerce should be a part of almost every small business. It can be as simple as becoming an affiliate of Amazon, or as full-featured as a unique online store with integrated checkout. But it can also be as simple as including a link to schedule appointments at a hair salon which also offers email marketing reminders of specials or a way of ordering personal care products online.

E-Commerce Help for Small Businesses - SBDCNet

Electronic commerce more well known as e-commerce, consists of the buying or selling of products via electronic means such as the internet or other electronic services. This type of trade has been growing rapidly because of the expansion of the Internet.. The need for electronic commerce emerged from the need to use computers more efficiently in banks and corporations.

Many events, from megamergers to globalization, have transformed business-to-business relationships over the years. But the biggest challenge facing B2B executives today may be even more disruptive, and itâ€™s happening a whole lot faster: the reinvention of B2B companies for a digital-first economy.
