

making monitoring and evaluation pdf

Monitoring & Evaluation This brief is one in a series of tips for civil society organizations written from a funder's perspective. It is intended to stimulate inquiry, rather than to provide rigid instructions.

Monitoring & Evaluation - World Bank

Monitoring and Evaluation (M&E) is a process that helps improve performance and achieve results. Its goal is to improve current and future management of outputs, outcomes and impact. It is mainly used to assess the performance of projects, institutions and programs set up by governments, international organisations and NGOs. It establishes links between the past, present and future actions.

Monitoring and evaluation of initiatives on violence against women and girls take place on a number of different levels, depending on the goals and objectives of the programme and the scope of activities and strategies being designed or implemented.. For example, monitoring and evaluation would look different for:

MONITORING & EVALUATION PLAN FOR HEALTH SECTOR STRATEGIC

A clear framework is essential to guide monitoring and evaluation. A framework should explain how the programme is supposed to work by laying out the components of the initiative and the order or the steps needed to achieve the desired results.

Monitoring and Evaluation Frameworks (3 parts)

2 INTRODUCTION Monitoring and Evaluation (M&E) is necessary and efficient process to deliver development results M&E is a part of the programme, not something to be added

Monitoring and Evaluation How to develop M&E plans

Results. The framework includes Donabedian's three seminal domains of structure, process and outcomes to determine health service performance. These in turn are dependent on sustainability, quality of patient care and the determinants of health to provide a comprehensive health service evaluation framework.

A comprehensive health service evaluation and monitoring

III. IMPARTIALITY AND INDEPENDENCE 11. The evaluation process should be impartial and independent in its function from the process concerned with the policy making, the delivery and the management of development assistance.
