4 Introduction What is human behavior? In what ways are we similar and different? How can we successfully communicate with one another? This article, in part, is an interpretation of the well known Myers-Briggs Type Indicator.

Communication Success with Four Personality Types

A critical step in the reliable use of the Myers-Briggs Type Indicator is verification of type through a dialogue between the individual completing the inventory and the practitioner interpreting the results. After receiving the results, the client will read the description of the personality type, in the aggregate, to determine if it is largely accurate.
