The history of logic deals with the study of the development of the science of valid inference (). Formal logics developed in ancient times in India, China, and Greece. Greek methods, particularly Aristotelian logic (or term logic) as found in the Organon, found wide application and acceptance in Western science and mathematics for millennia. The Stoics, especially Chrysippus, began the ...

Since ancient times the world has had its list of (usually seven) wonders. In antiquity, the Great Pyramid of Giza (the only wonder from the original list still standing), the statue of Zeus at Olympia, the Colossus of Rhodes (a new, gigantic, version of which is being built today), and others were among the occupants of the list. Over time, the world's wonders changed depending on the ...
